To Whom It May Concern:

Please find enclosed my application for a Water Right on my property.

My husband recently passed away and I was asked by a friend if I had Water Rights for my current well. Not having had anything to do with this project, I of course did not know what they were referring to. I called your office and spoke with a very nice lady who explained the process to me, she did not see a record of any Water Rights. She mailed me the application, which I filled out and am returning to you.

I would greatly appreciate your help in assisting me with this application. Please do not hesitate to call should you need further information.

Thank you in advance for your help.

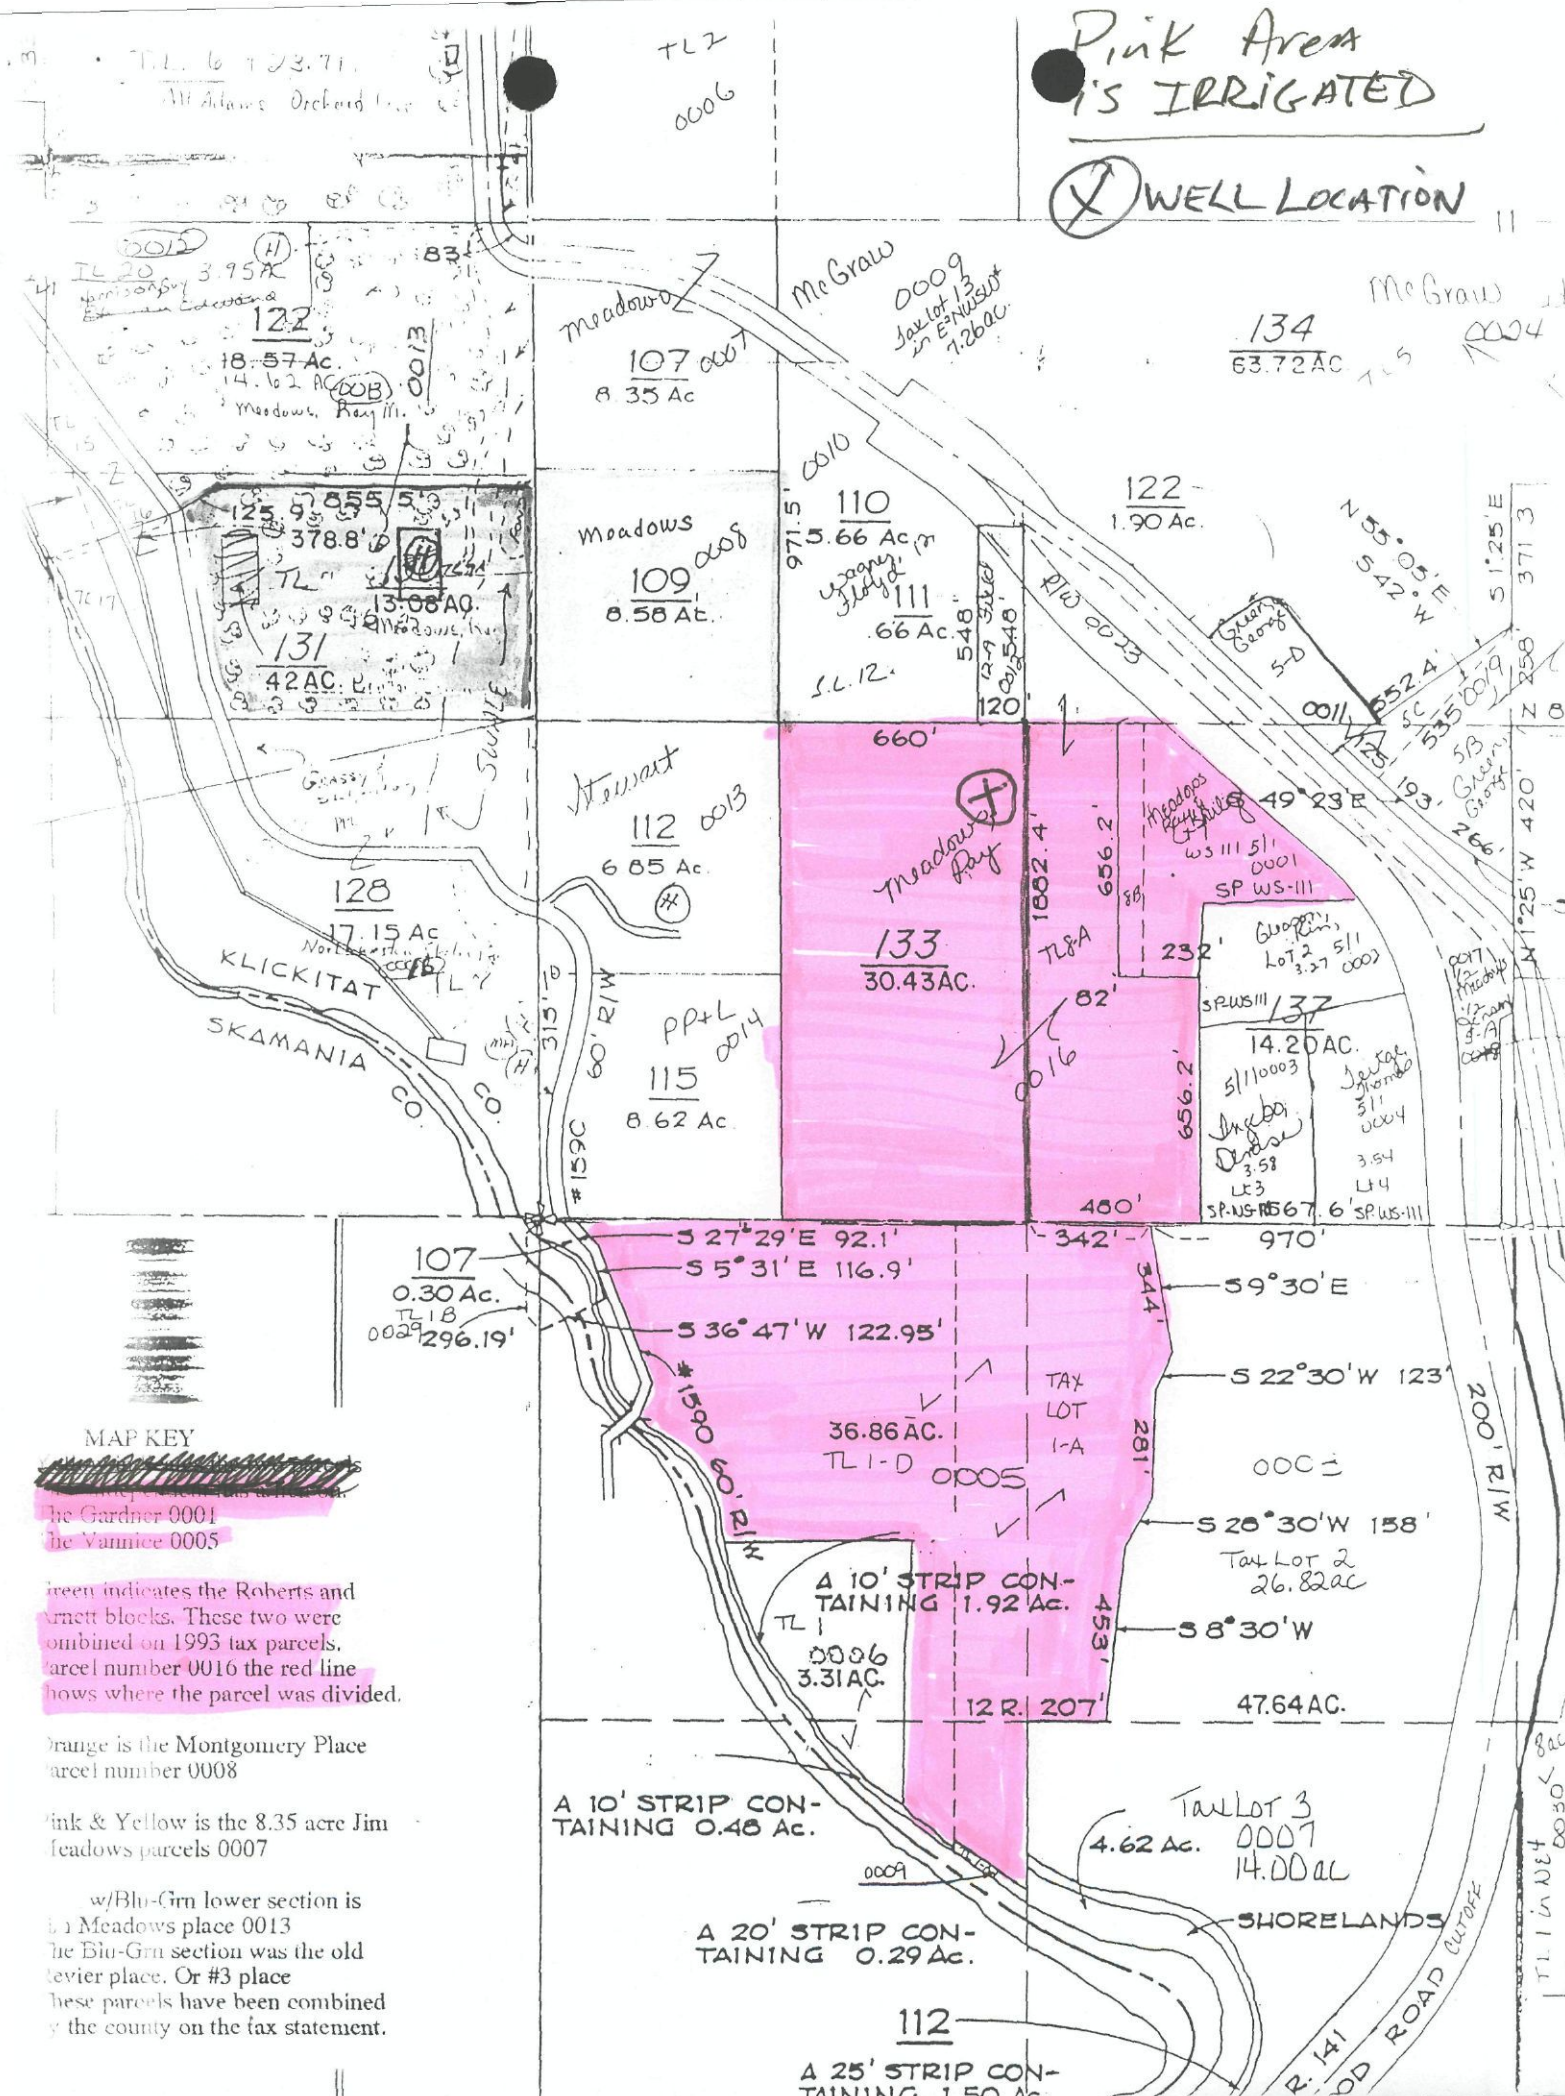

Sincerely,

A handwritten signature in cursive script that reads "Shirley Meadows". The signature is fluid and elegant, with the first letters of the first and last names being capitalized and prominent.
